

## STATEMENT FROM THE ANGLICAN DIOCESE OF ADELAIDE

17 March 2009

### **Diocese of The Murray**

I can confirm that, as the Archbishop of Adelaide and under the Canons of the National Church, I have been asked by the Diocesan Council of the Diocese of The Murray to consider ways to assist in resolving issues raised in that Diocese related to the Bishop. A preliminary investigation will take place in the first instance to enable me and those advising me to understand the issues and determine how best to proceed.

It is important that this be a thorough, timely and appropriate process and at some arms length both to me and the Diocese of The Murray.

For this reason I am not able to comment further on this process or matters that might be considered within it.

**The Most Rev'd Dr Jeffrey Driver**  
**Anglican Archbishop of Adelaide**
